

# ROXANNE MOLINA

Roxanne and her family currently reside in Seminole County, Florida. She has been married to her husband, Cesar for 12 years and is a busy mom to four unique children who range in age from 9-19. Each of the children have varying degrees of challenges, with mental health complications being present in two of her four children. Roxanne has learned that being an advocate for her children is at the forefront of their treatment.

It was after one of Roxanne's children experienced a mental health crisis that she was introduced to Wraparound Seminole and Federation of Families of Central Florida. Through Federation of Families, Roxanne discovered a sense of community as she connected with families and staff who candidly communicated their hardships, trials and victories. Federation of Families embraced Roxanne and her family without questions or judgment being passed.

Although Roxanne is a busy mom, juggling many responsibilities, she exhibits strength and determination that if you keep focused and believe -- you will succeed. Roxanne is delighted to announce that she will be graduating May 2017 with a B.A. in Anthropology from The University of Central Florida.
